## Abstract

This working paper has been replaced by a very substantially revised version entitled “Wild bootstrap and asymptotic inference with multiway clustering,” QED Working Paper No. 1415, which may be downloaded from <https://ideas.repec.org/p/qed/wpaper/1415.html>.

**Keywords:** CRVE, grouped data, clustered data, cluster-robust variance estimator, multiway clustering, robust inference, wild bootstrap, wild cluster bootstrap.

**JEL Codes:** C15, C21, C23.
